Required Materials

In order to be considered for participation in the Idaho International Choral Festival, choirs must submit these required materials by email.

- 1** – This application form, completed in its entirety.
- 2** – A current color photograph of the choir to be used for publicity purposes.

TRAVEL: It will be your responsibility to procure all necessary travel documents. The process for obtaining United States Visas, in some cases, can be very involved. Past experience and information from the United States Government indicate that the process of obtaining visas can take up to eight weeks. In order to effectively and efficiently plan for the Festival and to ensure the support for your visit is complete, the Festival committee requires that you make application for your visas, as to ensure you complete the visa process and obtain your visas six months prior to the first day of the Festival. This early application will allow you and the Festival staff adequate time to respond to the United States Consulate if problems occur or additional documentation is requested. Additionally, by starting and completing the visa process as required, you give the Festival committee adequate time to plan for your accommodations, meals, and transportation needs. The Festival staff will assist you with the visa process in every way possible. If there are problems with these requirements, please let the Festival staff know as soon as possible. Our goals are to include excellent choirs from around the world and to provide a superb and meaningful experience for all involved in the Festival.
